High School Notes

One of the most interesting assemblies of this semester was held last Tuesday, when Rev. Cox of the First Methodist church gave a talk on "The Bi-Products of the High School." Mr. Cox said that of the many bi-products in this course probably the most essential one is punctuality; that no matter if you never learned a lesson from your texts, you did learn to be in your various classes at given times, and in that way cultivate the habit of being systematic, and without system you cannot make a success in life. Mr. Cox also dwelt on the detriment of fraternities in a high school, saying at that stage the student is too young to control his outward feeling and single union that should exist in a school is weakened. As a prelude to his talk Mr. Cox gave two vocal numbers, playing his own accompaniment.

Wednesday being Lincoln's birthday, Miss Keeler of the English department, arranged a very delightful program. The entertainment was opened by the student body singing "The Battle Hymn of the Republic" and "Tenting Tonight." Following this were readings, "Barbara Fritchie" by Marion Holt, and "Sheridan's Ride" by Edgar Hull, and then Lincoln's "Gettysburg Speech" by Roy David. In closing the students sang "America."

Both the girls' and boys' gyms have been busy places this week. The class B tournament was started and several games of the A schedule were played. The first team has been putting some goods too, for which they feel rewarded by taking last night's game from Blanchard.

The visitors of the week were Misses Helen Helply, Lou Johnson, Mildred Robinson, Hermion Fisher and Mr. Edward Gray.

Thursday was senior day, for which the advanced seniors arranged a program. It is an old custom, that prevails among the seniors, before leaving to present to the superintendent a lasting tribute for the school, and the 1913 class took this time to do it, the present a large fern. The following program was given:

Class song—The Blue and Gold.
Piano solo—Valse Stryienne, Polish Dance, Neva Sage.
Reading—The Cheerful Caller, Marie Cain.
Trombone solo—Shubert's Serenade, Comin' Thro' the Rye, Walter Dersch.
Class song—Our Alma Mater.
Speech of presentation—Walter Fraser.

Mr. Hawkins made a very impressive talk in accepting the fern for the school, and after a series of class yells the meeting was dismissed.

The seniors displayed a large class pennant on the high school flag pole Tuesday morning.

Mrs. L. F. VanBriggle, who has been spending several weeks with her daughter, Mrs. Charles Shipps of Arkoe, was taken very ill Friday and Saturday afternoon, was brought to her home in Maryville in an ambulance. VOTE ON INCORPORATION PUT OFF TO MARCH 8.

THE ANNUAL MEETING

To Be Held at Same Time of the Farmers Telephone Co.—Some Opposition to Plan.

At a meeting of the Farmers Telephone company held Saturday at the court house, the matter of incorporation was discussed and the vote on the proposition was put off until the annual meeting of the company March 8. Incorporation would have been defeated Saturday if it had been voted on, and so it was thought best to put the matter off for another month.

A committee composed of A. C. Ford, Fred Armstrong, Charles Garrett, A. J. Croy and Wm. Moxingo was appointed to draft a constitution and by-laws for an incorporated company, so all of the members of the company may know what an incorporated company is, and what powers and rights they have. The committee will prepare this at once, so as to send it out to the members before the annual meeting.

Some heated arguments were had on the matter of incorporation Saturday, and most of it was because the proposition was not understood. Mr. Sells of Savannah spoke to the meeting and told what incorporation meant to the Farmers company in Andrew county.

At the meeting Saturday there were fifty-six line representatives out of the Maryville board.

The above are the names of the grand jury that went into session Monday afternoon. They are meeting at the county court room, and this afternoon witnesses from Hopkins and Elmo were being examined.

Judge Ellison, in his talk to the grand jury, told them of the cigarette laws and that giving away or buying cigarettes, either directly or indirectly, to a minor by a minor, or a minor smoking a cigarette, is guilty of a misdemeanor. Judge Ellison made it very plain that there have been a number of boys guilty of these offenses and that the court is going to make it hard for these boys unless they stop it.

Another matter spoken of by the court was that the grand jury should see that the local option laws are being kept, and that there are no violations of the gaming laws.

Under the law it is necessary to call a grand jury once a year.

POSTMASTER AT PICKERING.

Theron Wray Will Succeed C. A. McArthur, Who Has Resigned—Will Take Position March 1.

Theron Wray, son of B. T. Wray of near Pickering, has been appointed postmaster at that town by President Taft to succeed C. A. McArthur, who has resigned. Mr. Wray will take his office on March 1.

Since Pickering is a fourth-class office, a civil service examination was held in Maryville January 4 for that office and only one applicant, Mr. Wray, took the examination. He made the required grade and President Taft appointed him. All fourth class post-offices, by a recent order of the president, are under civil service. Whether the coming Democratic administration will adopt the same rule is not known, but many ventured the assertion that the order will be annulled.

The postoffice at Pickering pays \$625 a year. Mr. McArthur, who resigned from that office is to go on a farm.

In the first half the locals were somewhat stricken with stage fright and did not put up the game they are capable of, but in the final period they got together and played a good game. The Normal lineup was Lamar and Strader, forwards; Johnson and Stramer, center; Britton (captain), and Woodward guards.

MUST ADVERTISE TO WED.

Bill Would Require Couples to Publish Their Intentions.

A bill of Senator Green of Kansas City just introduced in the legislature covering marriage and marriage contracts provides that each applicant for a license must present to the county recorder a certificate from a reputable physician, sworn to before a notary public, which gives in concise terms the health of the bearer and fitness to marry.

For three consecutive times the application for a license is to be advertised in a newspaper under the caption of "application for marriage license," giving the name of the man and woman who are to wed. The license is to be issued in the county in which the woman lives, provided that if she resides elsewhere the application for the license is to be published in a newspaper of her home.

If no charges are filed against either contracting person within one day after the advertising period expires, and the health of the two is satisfactory a license is to be granted. If a charge of unfitness to marry is filed a court review is provided for.

A physician making a false affidavit as to the health of an applicant for a license is liable to a fine of from \$100 to \$1,000. In addition his right to practice in the state is forfeited. The cost of a license is increased from \$1 to \$3.

IN GOD'S IMAGE

SERMON BY REV. G. S. COX AT M. E. CHURCH HEARD BY MANY.

MAN MORE THAN ANIMAL

Whether controlled by Faith in God or His Belief in Evolution Rests With Man.

Rev. Gilbert S. Cox delivered the second sermon Sunday night at the First M. E. church in the series he is presenting on ancient stories with a modern message. The first sermon was delivered Sunday night previous and was on "The Creation of the World."

The church auditorium was filled and many seats in the gallery were taken. The special music by Prof. P. O. Landon and the choir, the solo by Miss Nellie Wray and the duet by Mr. Lona Perrin and Miss Marie Gayle Jackson, was up to the usual high standing maintained by the singers of this church.

A short synopsis of Rev. Cox's sermon follows:

The oldest creation story reads, "And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life, and man became a living soul."

The other story says, "God created man in his own image."

These stories or accounts of his creation are for the spiritual instruction of men and we need look for nothing else. How do they stand today? Have we discovered any better or more worthy account? It is a fact beyond dispute that we are physically very like the animal life below us. We have a great many animal traits.

From the lower side it looks reasonable that man came out of the dust. If we mean that the development was gradual and that this is the most natural way for God to employ in making man, then our discoveries are an aid to faith rather than a hindrance. Evolution as a causality is untenable, from a scientific, philosophical, and religious standpoint. Evolution as a description, if it is ever established will in no sense oppose our Genesis story. For man is more than an animal. He may be made of dust, but he is also a living soul, he is stamped with the image of God. Only his divine nature separates him from other creatures. This is his real inheritance.

What does this story mean then? It says that by the cultivation of Godliness we rise to highest manhood. Purity, unselfishness, brotherhood, honor, these are the marks of man.

If there is that other law of the flesh, the earthly, there we must beware lest that rule over the highest and we become unworthy of our heritage.

If there is the image of God in every man there is hope that although covered by sin, lost to our sight, it may still be restored. These are some of the truths taught here and nowhere else. They are in the Book of Life because all men of every age need to have these emphasized. They are final because they are the highest, deepest, and contain some of the fundamental truths about mankind and his relation to God.

Mrs. George Glaze and Miss Helen Glaze of St. Joseph visited over Sunday in Maryville with Dr. Glaze's parents, Mr. and Mrs. William Glaze. They were accompanied to Maryville Saturday by Mr. Homer Fisher and Miss Grace Fisher, who had been spending several days with them.

sang to the bride-elect to read for the benefit of all. A delicious luncheon followed. A red candle burned at each plate and the hostess announced that the candle burning out last would tell who would be the next bride. The candle at Miss Hettie Anthony's plate went out last. After the luncheon booklets entitled "Sidelights on Matrimony" were given the guests, in which to write some advice for the bride-elect. The following delicious menu was served for the three-course luncheon:

Ambrosia.
Puffed Hearts. Encircling Love.
Love in a Cottage.
United Hearts. Spiced Sweetness.
Hearts Frozen in Jealousy.
Fond Remembrance.
Nectar.

The fact that there were many guesses made as to who the coming bride was meant by the various songs of the birds, is strong proof that there are to be several weddings soon among the party guests.

In Honor of Mrs. Craig.

On Saturday afternoon Mrs. Josephine Murray and Miss Estella Murray of Jefferson City most hospitably entertained their numerous friends with a large reception complimentary to Mrs. O. K. Swearingen of Kansas City and Mrs. Anderson Craig of Maryville. The house was lighted throughout with pink candles in brass and crystal candelabra under pink shades draped with smilax, while the gas jets were encased in the same colors. The music was furnished by Williams' orchestra, stationed in the library, which was decorated in pink roses and ferns. The parlor, in which stood the receiving line, had pink carnations and ferns, while the dining room was beautiful in its masses of pink and green. A great bank of ferns furnished the background for the table, which had for its centerpiece a large basket of dainty pink sweet peas, the handle completely covered with smilax and a

Family Dinner Party.

Mr. and Mrs. Robert Lamar of Elmo entertained with a dinner Sunday in honor of Mr. Lamar's sister, Mrs. Ray L. Edwards of Omaha, who, with her 4-months-old daughter, is visiting at his home. All of the members of Mr. Lamar's family were present excepting Charles Lamar of Morris, Okla., and Mrs. Wellington Dusenberry of Canton, Mo. The dinner company included Mrs. James W. Lamar of Burlington Junction, Miss Cora Lamar of Burlington Junction, Mrs. L. P. Colvin and Mrs. L. E. Carpenter of Maryville, Mrs. Charles Tudder and family of Clarinda, Ia. The host and hostess were assisted in serving by Misses Mary and Roberta Lamar. Miss Dorothy Lamar, who was seriously injured during the Christmas vacation in a runaway, was present and enjoyed the day very much. She is bearing her enforced confinement courageously and will soon be able to be around. Mrs. James Lamar, one of the

guests, was happy in the presence of her only great-grandchildren, Sarah Elizabeth Edwards of Omaha and Lora Tudder of Clarinda.

MEXICO IS SHUT OFF BY CENSOR

Truce is Broken to Resume Fighting.

NO NEWS ENTERS CITY

Government Officials Take Control of Cable Office.

The strictest censorship on all dispatches has been established at Mexico City. Government officials took charge of the cable office and ruthlessly discarded messages of correspondents to their papers.

Code messages and all messages containing any expressions whatever that might be construed into a suggestion of the important happenings in the capital came under the ban and promptly were confiscated by the censor and his assistants.

Nevertheless several dispatches of a somewhat detached nature escaped the vigilance of the censorship and an early bulletin was flashed through that the armistice had been broken and that both sides were fighting savagely.

Only Cipher Codes Go.

The Mexican government was unable, however, to shut off the official dispatches of the diplomatic representatives, but as these are sent in cipher, considerable delay is being experienced in translation, and the fear is expressed that many things may occur in the Mexican capital detrimental to the foreign residents before the actual situation is learned by the home governments.

Brief dispatches giving a general idea of the situation prior to the fresh outbreak of hostilities were passed by the censors to their destinations, but the government apparently is determined that not a word of the fighting which has torn the city asunder for eight days shall be communicated to the outside world if that can be prevented.

The government has not only shut off the world from Mexico City, but so far as the public is concerned, has shut Mexico City off from the world, including the whole of the Mexican republic.

No News Enters City.

News dispatches sent from the United States to Mexico City were either refused or held up, the intention being that the residents within the capital shall not be informed of the measures which have been undertaken by the American and other governments to protect their interests.

While Madero has been reiterating his declaration that conditions in Mexico outside of the capital are satisfactory, advices from various centers indicate that there have been important movements in favor of General Diaz.

Armistice Broken.

Confirmation of the breaking of the armistice and the resumption of hostilities has been received from Laredo, Tex., where wire communication was established with Mexico City. The messages stated that a battle was on. Official advices received from Ambassador Wilson tell of the narrow escape of the British minister, Francis W. Stronge, from federal bullets while on his way to a conference at the American embassy. The automobile in which Mr. Stronge was riding, escorted by a federal guard, was struck in several places. This gives some slight indication of the difficulties and dangers encountered by the diplomatic representatives in their endeavors to bring about a peace settlement.

Further advices from the ambassador say that the majority of the American residents have found places of relative safety, although a few of them have refused to abandon their homes.

ARMISTICE IS BROKEN

Both Madero and Diaz Hesitate to Give Delay.

Mexico City, Feb. 17.—Hostilities were resumed with renewed fierceness in the Mexican capital after a truce which lasted only a few hours.

The armistice, signed by the representatives of both sides, agreeing to suspend operations for twenty-four hours, was broken before noon. Soon the sound of heavy cannonading and the whirr of machine guns announced the return of the federal troops to their posts in front of the arsenal.

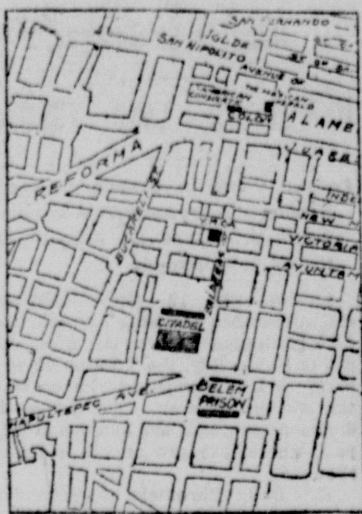

It appeared as if the words of Madero and Diaz might prove prophetic, and that this time the battle would be to a finish.

President Madero reiterated his refusal to comply with the suggestion of the senators that he resign. He declared that he still was able to dominate the situation and that, if given the credit, he would crush the rebel forces.

Diaz has not shown himself greatly in favor of the armistice, but consented to it out of respect for the ef-

ports of the American ambassador and the ministers of the powers to bring about a cessation of hostilities until foreigners and other non-combatants still within the zone of fighting could be removed to a position of comparative safety.

Diaz regarded the truce merely as a delay in the accomplishment of his fixed purpose to drive Madero out of the presidency. The fighting undoubtedly had gone in favor of the rebels, who had resisted all assaults against them, and had received into their ranks several hundred federal deserters and had obliged the federal commanders to admit that for the present at least the rebel position was impregnable.

REFUGEES HURRIED TO VERA CRUZ

Americans Who Have Tarried Willing Now to Flee.

Washington, Feb. 17.—Hurried preparations were made in Mexico City for the flight of American women and children from the stricken city to safety within the borders of the United States.

As soon as the armistice had been declared, the American embassy staff and the committee appointed by Ambassador Wilson began the work of assembling the panic-stricken fugitive women and children at the embassy. Many who hitherto had paid no heed to the warning of the ambassador to leave the city now were eager to embrace any measures which meant their deliverance from the panic which has followed in the wake of a week's disorders.

It was pointed out that the easiest way to safety lay via Vera Cruz, only a short distance by rail. Once arrived at the port of the capital city the refugees would have full protection pending the continuance of their journey by steamer to American soil. One American dreadnought, the Georgia, already lies at anchor in Vera Cruz harbor, and two others, the Vermont and Nebraska, are due today. With the guns of these three sea monsters leveled toward the city, refugees would have little to fear, but if necessity should arise, the fugitives could be taken aboard ship.

While preparations for the flight of women and the younger members of the American colony were going forward, the work of removing all foreigners from the danger zone was entered upon in earnest and hundreds sought safety in the neighborhood of the American embassy, where every kind of shelter was employed as a place of refuge.

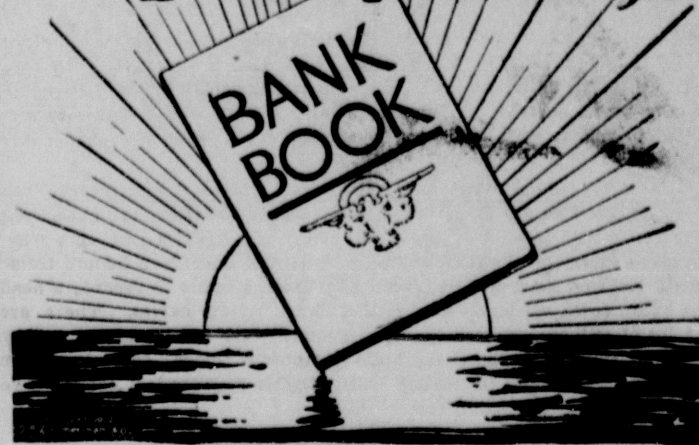

Hands Off Policy Unchanged.

Washington, Feb. 17.—"Hands off" Mexico for the present was the decision of President Taft and the cabinet, reached at a prolonged session.

Mr. Taft and seven of his advisers gathered at the White House and after reviewing the situation from every point of view, determined to reaffirm the non-intervention attitude of the United States, but meanwhile keeping the army and navy ready for instant action.

Secretary Knox announced that Secretary Hilles would prepare and make public the only statement to be given out. The other members of the cabinet referred all inquiries to Hilles.

TURKS' POSITION IS HOPELESS

Army of Enver Bey, Chief-of-Staff, Huddled at Gallipoli.

UNABLE TO LAND TROOPS.

Former Vizier in London on Secret Mission and Probable That the Final Battle Will Soon Be Fought—Battleship Is Destroyed.

London, Feb. 17.—Uncensored special dispatches reaching London from Constantinople confirm the utter failure of Enver Bey, the Turkish chief of staff, to land troops on the coast of the Sea of Marmora. His forces, the dispatch says, now are huddled at Gallipoli, where they are unable to secure supplies.

The Daily Chronicle correspondent tells of the landing of 40,000 Greeks at Bosika bay, on the coast of Asia Minor near the entrance to the Dardanelles.

The situation between Rumania and Bulgaria again has become serious. The negotiations at Sofia did not result in an agreement on the points at issue.

Turk on Secret Mission.

Hakki Pasha, former grand vizier, has arrived in London. Secrecy is observed as to his mission, but there seems little reason to doubt that Turkey's military position is utterly hopeless and that when the expected decisive battle is fought for the possession of Kurudagh, in the Bulair district, a fresh attempt will be made to negotiate for peace.

Meanwhile the publication of the reply of the Russian emperor confirming the strained situation between Austria and Russia, together with the impossibility of arranging the differences between Rumania and Bulgaria, causes renewed anxiety in the European capitals.

A dispatch from Constantinople declares that the grand vizier takes a despondent view of the situation. According to the correspondent he is anxious for peace, but the Young Turk leaders still are jingoistic.

Battleship Destroyed.

Sofia, Feb. 17.—A Bulgarian battery and a mining detachment have destroyed the Turkish battleship Assar I. Tewfik, which ran ashore at Kara burun on the Black sea coast. The Bulgarians also have sunk a Turkish transport with all hands off Charkuef.

HIGHWAYMEN CAPTURED

Tries to Hold Up Sixteen Persons on Kansas City Street.

Kansas City, Feb. 17.—A man who gave the name of D. R. Leeper at tempted to hold up and rob sixteen men on the street near the Union station. He was unable to keep all of them under his eye, and after emptying his revolver at those who attempted to escape he took to his own heels, with the men he had attempted to rob in pursuit.

One of the highwayman's bullets fatally wounded Francis Fitzgerald, a sixteen-year-old boy. Leeper was captured after a chase and narrowly escaped lynching by the enraged crowd. He was rescued by police and taken to jail.

Leeper attempted first to hold up eight men who were standing on a corner. While he had them lined up against a wall other persons approached around a corner until the bandit had so many lined up that he could not watch them all. Those farthest from him started to run and Leeper fired after them until he had emptied his revolver.

Eight Hikers Arrive in Quaker City.

Philadelphia, Feb. 17.—Enthusiastic crowds greeted the survivors of the little band of suffragettes which arrived here, bound from New York to Washington. Footsore and streaked with the dust of Jersey roads, the eight women under command of "General" Rosalie Jones marched up Market street to the local suffrage headquarters in a lane cleared by a police escort. Hundreds of sympathizers met the "army" on the road between Burlington and Camden and escorted them here.

After Contest Prize.

Ames, Ia., Feb. 17.—Wayne Dinmore, secretary of the Percheron Society of America, an Ames animal husbandry graduate, has invited Professor W. H. Pew of the animal husbandry department to conduct a sophomore horse judging contest and to give to the winning student a gold medal. Professor Pew soon will announce the contest to the sophomore men.

Auto Bandit Admits Killing Policeman
Chicago, Feb. 17.—Robert Webb, highwayman and leader of the automobile bandits, Chicago's most dangerous criminal, according to the police, confessed that he shot and killed Policeman Peter Hart several weeks ago. The confession was made to State's Attorney Hoyne after forty-eight hours of stubborn denial by Webb.

Hertz Elected Rabbi of British Empire.
London, Feb. 17.—Dr. Joseph H. Hertz of New York was elected chief rabbi of the British empire at a meeting of the electoral college, presided over by Lord Rothschild. Dr. Hertz received 298 votes to 39 cast for Dr. Hyamson, head of the Jewish ecclesiastical court in London.

MANY BILLS TO GO OVER

Important Legislation Must Be Left to Next Congress.

MEXICAN QUESTION PARAMOUNT

Shadow of Intervention Hovers Over Congress and No More General Legislation Is Looked for Before Adjournment.

Washington, Feb. 17.—With the shadow of possible intervention hovering over congress, legislative activity in both houses practically has come to a standstill. No immediate need to take up the question of warlike moves against Mexico is anticipated, but both houses of congress are prepared to receive the issue should it be thrust upon them.

It has been determined that there will be no more general legislation of an important nature before adjournment.

One more problem was handed over to the new administration when the house judiciary committee decided to take no action on the single six-year presidential term resolution. This had passed the senate by the narrow margin of one vote and would have brought on a heated controversy had the judiciary committee given the house a chance to consider it.

An attempt in both houses to repeal the "literacy test" immigration bill over President Taft's veto will mark the opening of the week, and the friends of the measure in the senate and house express confidence that it will receive a two-thirds majority and become a law, notwithstanding the president's disapproval.

PROTEST REDUCED RATES

Express Companies Show Commission Effects of Proposed Change.

Washington, Feb. 17.—To demonstrate to the interstate commerce commission the effect of the reduced rates it proposes, the express companies have reported that had the proposed rates been in effect on Oct. 23, a test day selected, the reductions in their revenue would have ranged from 4.96 to 30.6 per cent.

These five companies assert that the application of the reductions would have resulted in a total loss of \$24,996,047.25 in their business for the year ended June 30, 1912.

Obituary.

Amy E. Swearingen was born February 12, 1844, in DeWitt county, Illinois, and died on the sixty-ninth anniversary of her birth, February 12, 1913, at the residence of her daughter, Mrs. E. E. May, in Savannah, Missouri. She was married to Robert S. Roelofson, who still survives her, and to this union seven children were born, two of whom died in infancy; the remaining five are: Mrs. Robert Lyle, J. F. Roelofson and Miss Clara Roelofson of Maryville, Mrs. E. E. May of Savannah and I. C. Roelofson of Barnard.

She came with her family to Nodaway county, Missouri, in the spring of 1882, where she has since resided.

Early in life she became a christian and united with the Christian church at Longpoint, Illinois, and after moving to Missouri, transferred her membership to the First Christian church of this city, and was an earnest and consistent member to the time of her death.

She was a kind and devoted wife and mother, always ready and willing to use her best efforts to help those around her. Her thoughtfulness and kind deeds were appreciated, not only by her family, but by all with whom she associated.

Funeral services were held Thursday afternoon at the home of J. F. Roelofson of this city. The services were conducted by Rev. C. J. Miller of the First Christian church.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyck's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out, but will start to grow as Nature intended it should.

"Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Agent Kock Pharmacy.

High School Notes

One of the most interesting assemblies of this semester was held last Tuesday, when Rev. Cox of the First Methodist church gave a talk on "The Bi-Products of the High School." Mr. Cox said that of the many bi-products in this course probably the most essential one is punctuality; that no matter if you never learned a lesson from your texts, you did learn to be in your various classes at given times, and in that way cultivate the habit of being systematic, and without system you cannot make a success in life. Mr. Cox also dwelt on the detriment of fraternities in a high school, saying at that stage the student is too young to control his outward feeling and single union that should exist in a school is weakened. As a prelude to his talk Mr. Cox gave two vocal numbers, playing his own accompaniment.

Wednesday being Lincoln's birthday, Miss Keeler of the English department, arranged a very delightful program. The entertainment was opened by the student body singing "The Battle Hymn of the Republic" and "Tenting Tonight." Following this were readings, "Barbara Fritchie" by Marion Holt, and "Sheridan's Ride" by Edgar Hull, and then Lincoln's "Gettysburg Speech" by Roy David. In closing the students sang "America."

Both the girls' and boys' gyms have been busy places this week. The class B tournament was started and several games of the A schedule were played. The first team has been putting some goods too, for which they feel rewarded by taking last night's game from Blanchard.

The visitors of the week were Misses Helen Helply, Lou Johnson, Mildred Robinson, Hermion Fisher and Mr. Edward Gray.

Thursday was senior day, for which the advanced seniors arranged a program. It is an old custom, that prevails among the seniors, before leaving to present to the superintendent a lasting tribute for the school, and the 1913 class took this time to do it, the present a large fern. The following program was given:

Class song—The Blue and Gold.
Piano solo—Valse Stryienne, Polish Dance, Neva Sage.

Reading—The Cheerful Caller, Marie Cain.
Trombone solo—Shubert's Serenade, Coplin' Thro' the Rye, Walter Dersch.

Class song—Our Alma Mater.
Speech of presentation—Walter Fraser.

Mr. Hawkins made a very impressive talk in accepting the fern for the school, and after a series of class yells the meeting was dismissed.

The seniors displayed a large class pennant on the high school flag pole Tuesday morning.

Brought Home Saturday.

Mrs. L. F. VanBriggie, who has been spending several weeks with her daughter, Mrs. Charles Shipps of Arkoe, was taken very ill Friday and Saturday afternoon, was brought to her home in Maryville in an ambulance. Mr. VanBriggie went to Arkoe Saturday morning and with Mrs. Shipps accompanied the sick woman to her home. Mrs. VanBriggie was some better Monday, but is regarded in a critical condition.

VOTE ON INCORPORATION PUT OFF TO MARCH 8.

THE ANNUAL MEETING

To Be Held at Same Time of the Farmers Telephone Co.—Some Opposition to Plan.

At a meeting of the Farmers Telephone company held Saturday at the court house, the matter of incorporation was discussed and the vote on the proposition was put off until the annual meeting of the company March 8. Incorporation would have been defeated Saturday if it had been voted on, and so it was thought best to put the matter off for another month.

A committee composed of A. C. Ford, Fred Armstrong, Charles Garrett, A. J. Croy and Wm. Mazingo was appointed to draft a constitution and by-laws for an incorporated company, so all of the members of the company may know what an incorporated company is, and what powers and rights they have. The committee will prepare this at once, so as to send it out to the members before the annual meeting.

Some heated arguments were had on the matter of incorporation Saturday, and most of it was because the proposition was not understood. Mr. Sells of Savannah spoke to the meeting and told what incorporation meant to the Farmers company in Andrew county. At the meeting Saturday there were fifty-six line representatives out of the Maryville board.

Roxey Hocker, Guilford.
Henry Stalling, Barnard.

E. L. Wolfert, Maryville.

The above are the names of the grand jury that went into session Monday afternoon. They are meeting at the county court room, and this afternoon witnesses from Hopkins and Elmo were being examined.

Judge Ellison, in his talk to the grand jury, told them of the cigarette laws and that giving away or buying cigarettes, either directly or indirectly, to a minor by a minor, or a minor smoking a cigarette, is guilty of a misdemeanor. Judge Ellison made it very plain that there have been a number of boys guilty of these offenses and that the court is going to make it hard for these boys unless they stop it.

Another matter spoken of by the court was that the grand jury should see that the local option laws are being kept, and that there are no violations of the gaming laws.

Under the law it is necessary to call a grand jury once a year.

POSTMASTER AT PICKERING.

Theron Wray Will Succeed C. A. McArthur, Who Has Resigned—Will Take Position March 1.

Theron Wray, son of B. T. Wray of near Pickering, has been appointed postmaster at that town by President Taft to succeed C. A. McArthur, who has resigned. Mr. Wray will take his office on March 1.

Since Pickering is a fourth-class office, a civil service examination was held in Maryville January 4 for that office and only one applicant, Mr. Wray, took the examination. He made the required grade and President Taft appointed him. All fourth class post-offices, by a recent order of the president, are under civil service. Whether the coming Democratic administration will adopt the same rule is not known, but many ventured the assertion that the order will be annulled.

The postoffice at Pickering pays \$625 a year. Mr. McArthur, who resigned from that office is to go on a farm.

NORMAL SECOND DEFEATED.

Christian Brothers College Team Beat Local Basket Ballers at St. Joseph—The Score was 35 to 21.

The second basket ball team of the Normal was defeated Saturday night at St. Joseph by the Christian Brothers college team of that city. The score was 35 to 21. In the first half the locals were somewhat stricken with stage fright and did not put up the game they are capable of, but in the final period they got together and played a good game. The Normal lineup was Lamar and Strader, forwards; Johnson and Stramer, center; Britton (captain), and Woodward guards.

CHANGE OF DATE.

Paul van Katwijk Will Appear in Maryville Monday Night, February 24, at First M. E. Church.

Mr. Paul van Katwijk, the famous Holland pianist and composer, cannot reach Maryville for a program on Friday night, February 21, as announced heretofore.

He will appear on the following Monday evening, February 24, at the First M. E. church and will be the first number of the Maryville Conservatory recital course.

MUST ADVERTISE TO WED.

Bill Would Require Couples to Publish Their Intentions.

A bill of Senator Green of Kansas City just introduced in the legislature covering marriage and marriage contracts provides that each applicant for a license must present to the county recorder a certificate from a reputable physician, sworn to before a notary public, which gives in concise terms the health of the bearer and fitness to marry.

For three consecutive times the application for a license is to be advertised in a newspaper under the caption of "application for marriage license," giving the name of the man and woman who are to wed. The license is to be issued in the county in which the woman lives, provided that if she resides elsewhere the application for the license is to be published in a newspaper of her home.

If no charges are filed against either contracting person within one day after the advertising period expires, and the health of the two is satisfactory a license is to be granted. If a charge of unfitness to marry is filed a court review is provided for.

A physician making a false affidavit as to the health of an applicant for a license is liable to a fine of from \$100 to \$1,000. In addition his right to practice in the state is forfeited. The cost of a license is increased from \$1 to \$3.

A. A. Wentz of Lake Charles, La., who arrived in Maryville Friday to attend the funeral of the late Mrs. W. W. Jackson, left Monday for his home. IN GOD'S IMAGE

SERMON BY REV. G. S. COX AT M. E. CHURCH HEARD BY MANY.

MAN MORE THAN ANIMAL

Whether controlled by Faith in God or His Belief in Evolution Rests With Man.

Rev. Gilbert S. Cox delivered the second sermon Sunday night at the First M. E. church in the series he is presenting on ancient stories with a modern message. The first sermon was delivered Sunday night previous and was on "The Creation of the World."

The church auditorium was filled and many seats in the gallery were taken. The special music by Prof. P. O. Landon and the choir, the solo by Miss Nellie Wray and the duet by Mr. Lona Perrin and Miss Marie Gayle Jackson, was up to the usual high standing maintained by the singers of this church.

A short synopsis of Rev. Cox's sermon follows:

The oldest creation story reads, "And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life, and man became a living soul."

The other story says, "God created man in his own image."

These stories or accounts of his creation are for the spiritual instruction of men and we need look for nothing else. How do they stand today? Have we discovered any better or more worthy account? It is a fact beyond dispute that we are physically very like the animal life below us. We have a great many animal traits. From the lower side it looks reasonable that man came out of the dust. If we mean that the development was gradual and that this is the most natural way for God to employ in making man, then our discoveries are an aid to faith rather than a hindrance. Evolution as a causality is untenable, from a scientific, philosophical, and religious standpoint. Evolution as a description, if it is ever established will in no sense oppose our Genesis story. For man is more than an animal. He may be made of dust, but he is also a living soul, he is stamped with the image of God. Only his divine nature separates him from other creatures. This is his real inheritance.

What does this story mean then? It says that by the cultivation of Godliness we rise to highest manhood. Purity, unselfishness, brotherhood, honor, these are the marks of man. If there is that other law of the flesh, the earthly, there we must beware lest that rule over the highest and we become unworthy of our heritage.

If there is the image of God in every man there is hope that although covered by sin, lost to our sight, it may still be restored. These are some of the truths taught here and nowhere else. They are in the Book of Life because all men of every age need to have these emphasized. They are final because they are the highest, deepest, and contain some of the fundamental truths about mankind and his relation to God.

Mrs. George Glaze and Miss Helen Glaze of St. Joseph visited over Sunday in Maryville with Dr. Glaze's parents, Mr. and Mrs. William Glaze. They were accompanied to Maryville Saturday by Mr. Homer Fisher and Miss Grace Fisher, who had been spending several days with them.

TURKS' POSITION IS HOPELESS

Army of Enver Bey, Chief-of-Staff, Huddled at Gallipoli.

UNABLE TO LAND TROOPS.

Former Vizier in London on Secret Mission and Probable That the Final Battle Will Soon Be Fought—Battleship Is Destroyed.

London, Feb. 17.—Uncensored special dispatches reaching London from Constantinople confirm the utter failure of Enver Bey, the Turkish chief of staff, to land troops on the coast of the Sea of Marmora. His forces, the dispatch says, now are huddled at Gallipoli, where they are unable to secure supplies.

The Daily Chronicle correspondent tells of the landing of 40,000 Greeks at Boskya bay, on the coast of Asia Minor near the entrance to the Dardanelles.

The situation between Rumania and Bulgaria again has become serious. The negotiations at Sofia did not result in an agreement on the points at issue.

Turk on Secret Mission.

Hakki Pasha, former grand vizier, has arrived in London. Secrecy is observed as to his mission, but there seems little reason to doubt that Turkey's military position is utterly hopeless and that when the expected decisive battle is fought for the possession of Kurudagh, in the Bulair district, a fresh attempt will be made to negotiate for peace.

Meanwhile the publication of the reply of the Russian emperor confirming the strained situation between Austria and Russia, together with the impossibility of arranging the differences between Rumania and Bulgaria, causes renewed anxiety in the European capitals.

A dispatch from Constantinople declares that the grand vizier takes a despondent view of the situation. According to the correspondent he is anxious for peace, but the Young Turk leaders still are jingoistic.

Battleship Destroyed.

Sofia, Feb. 17.—A Bulgarian battery and a mining detachment have destroyed the Turkish battleship Assar I. Tewfik, which ran ashore at Karaburun on the Black sea coast. The Bulgarians also have sunk a Turkish transport with all hands off Charkoi.

HIGHWAYMEN CAPTURED

Tries to Hold Up Sixteen Persons on Kansas City Street.

Kansas City, Feb. 17.—A man who gave the name of D. R. Leeper at tempted to hold up and rob sixteen men on the street near the Union station. He was unable to keep all of them under his eye, and after emptying his revolver at those who attempted to escape he took to his own heels, with the men he had attempted to rob in pursuit.

One of the highwayman's bullets fatally wounded Francis Fitzgerald, a sixteen-year-old boy. Leeper was captured after a chase and narrowly escaped lynching by the enraged crowd. He was rescued by police and taken to jail.

Leeper attempted first to hold up eight men who were standing on a corner. While he had them lined up against a wall other persons approached around a corner until the bandit had so many lined up that he could not watch them all. Those farthest from him started to run and Leeper fired after them until he had emptied his revolver.

Eight Hikers Arrive in Quaker City.

Philadelphia, Feb. 17.—Enthusiastic crowds greeted the survivors of the little band of suffragettes which arrived here, bound from New York to Washington. Footsore and streaked with the dust of Jersey roads, the eight women under command of "General" Rosalie Jones marched up Market street to the local suffrage headquarters in a lane cleared by a police escort. Hundreds of sympathizers met the "army" on the road between Burlington and Camden and escorted them here.

After Contest Prize.

Ames, Ia., Feb. 17.—Wayne Dinsmore, secretary of the Percheron Society of America, an Ames animal husbandry graduate, has invited Professor W. H. Pew of the Ames animal husbandry department to conduct a sophomore horse judging contest and to give to the winning student a gold medal. Professor Pew soon will announce the contest to the sophomore men.

Auto Bandit Admits Killing Policeman
Chicago, Feb. 17.—Robert Webb, highwayman and leader of the automobile bandits, Chicago's most dangerous criminal, according to the police, confessed that he shot and killed Policeman Peter Hart several weeks ago. The confession was made to State's Attorney Hynes after forty-eight hours of stubborn denial by Webb.

Hertz Elected Rabbi of British Empire.
London, Feb. 17.—Dr. Joseph H. Hertz of New York was elected chief rabbi of the British empire at a meeting of the electoral college, presided over by Lord Rothschild. Dr. Hertz received 298 votes to 39 cast for Dr. Hyamson, head of the Jewish ecclesiastical court in London.

MANY BILLS TO GO OVER

Important Legislation Must Be Left to Next Congress.

MEXICAN QUESTION PARAMOUNT

Shadow of Intervention Hovers Over Congress and No More General Legislation Is Looked for Before Adjournment.

Washington, Feb. 17.—With the shadow of possible intervention hovering over congress, legislative activity in both houses practically has come to a standstill. No immediate need to take up the question of warlike moves against Mexico is anticipated, but both houses of congress are prepared to receive the issue should it be thrust upon them.

It has been determined that there will be no more general legislation of an important nature before adjournment.

One more problem was handed over to the new administration when the house judiciary committee decided to take no action on the single six-year presidential term resolution. This had passed the senate by the narrow margin of one vote and would have brought on a heated controversy had the judiciary committee given the house a chance to consider it.

An attempt in both houses to re-pass the "literacy test" immigration bill over President Taft's veto will mark the opening of the week, and the friends of the measure in the senate and house express confidence that it will receive a two-thirds majority and become a law, notwithstanding the president's disapproval.

PROTEST REDUCED RATES

Express Companies Show Commission Effects of Proposed Change.

Washington, Feb. 17.—To demonstrate to the interstate commerce commission the effect of the reduced rates it proposes, the express companies have reported that had the proposed rates been in effect on Oct. 23, a test day selected, the reductions in their revenue would have ranged from 4.96 to 30.6 per cent.

These five companies assert that the application of the reductions would have resulted in a total loss of \$24,926,047.25 in their business for the year ended June 30, 1912.

Missing Bridegroom Appears.

Springfield, Ill., Feb. 17.—Medford Cruikshank, aged thirty-one, the young farmer who was reported to have been the victim of a mysterious murder on the eve of his marriage, walked into his home. He declared he could not remember anything that had happened. His relatives believe he was drugged.

Mrs. Ibe Rasco of Barnard was shopping in Maryville Saturday.

Obituary.

Amy E. Swearingen was born February 12, 1844, in DeWitt county, Illinois, and died on the sixty-ninth anniversary of her birth, February 12, 1913, at the residence of her daughter, Mrs. E. E. May, in Hannibal, Missouri. She was married to Robert S. Roelofson, who still survives her, and to this union seven children were born, two of whom died in infancy; the remaining five are: Mrs. Robert Lyle, J. F. Roelofson and Miss Clara Roelofson of Maryville, Mrs. E. E. May of Savannah and I. C. Roelofson of Barnard.

Early in life she became a christian and united with the Christian church at Longpoint, Illinois, and after moving to Missouri, transferred her membership to the First Christian church of this city, and was an earnest and consistent member to the time of her death.

Funeral services were held Thursday afternoon at the home of J. F. Roelofson of this city. The services were conducted by Rev. C. J. Miller of the First Christian church.

Obituary.

Funeral services were held Monday afternoon at 1 o'clock by the Rev. Hughes at the M. E. church at Gaynor. Burial in New Hope cemetery.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy, made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for teeth to keep them from discoloring. Why spend money for cosmetics and cream to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a good complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair, dandruff, itching scalp and falling hair. After a few applications of this simple, harmless remedy, your hair will gradually be restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give you money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Agent Kock Pharmacy.
